# 公司简介

## Company profile

Fuzhou Yinrich Metallurgical Materials Co., Ltd was established in 2001 and located in Fuzhou city, which is in the East China Sea, known as the "blessed land" .

We are one of the leading and most powerful metal materials manufacturers in China. It was founded with the assistance of several universities and scientific research institutions. It has its own core technology and intellectual property rights, and has independent import and export rights.

The company has advanced production equipments, strong technical force, scientific production technology, precise materials, large product output, high quality, stable performance,

The company produces metals and non-metals from nano-grade powder to particles-grades, and purity from low to high, we also produce sputtering targets and bonding materials and metals parts which used in high-tech feilds, such as Al/Fe/Ag/Ti/SUS/Mg/Si/Cr...and alloy. They are being sold well in Hebei, Guangdong, Jiangsu, Hong Kong and Taiwan, inland and other domestic regions. We are also co-operating with some big companies from Japan, Germany, Taiwan, and has been widely praised by customers. As a professional metal and non-metal materials manufacturer, our company can provide you with products of various specifications.

We sincerely hope to have the opportunity to cooperate with you, provide you with high-quality products and services, and continue to improve and innovate around your needs.

# 基本情况 Introductions

我司工厂成立于2001年，投入资金20000000人民币，随着时间的沉淀，已发展成为有整套磁控溅射靶材解决方案的专业供应商，我们对主要产品有了非常成熟的生产和检测经验；目前，我司已经拥有主要骨干86人，他们将保证所生产的产品合格地递送到客户的手中。Our factory was established in 2001 with an investment of 20 million yuan. With the precipitation of time, it has developed into a professional supplier with a complete set of magnetron sputtering target solutions. We have a very mature experiment of production and testing of main products. At present, our company has 86 key staff, who will ensure that the products produced are delivered to customers in a qualified manner.

# 我们的优势 Advantage

## 技术创新

Technology innovation

拥有一支经验丰富的专业技术团队，能深入准确的把握 客户的产品设计，结合长期的实践经验，不断开拓创新 加工技术

## 加工速度

Processing speed

拥有十几套喷涂专业加工设备24小时运转，让您设计的产品能在 最短时间 内上机快速完成。

## 产品质量

Quality product

配备了一套高精密的检测仪器，其中包括了ICP成分分析仪、三次元检测仪，全程检测产品，确保您的每件产品都符合标准

## 优质服务

High quality service

快速响应报价，全程播报加工进度，质量问题免费重做，让您感受到我们用心服务

# 主要产品 Main Products

## 1. 旋转靶材 Rotatable sputtering targets;

ITO, Ag, SiAl, NbOx, TiOx, ZrOx, TiAl, AZO, Zr, NiCr, ZnAl, Cr, Si, Al, Cu, ZnSn.

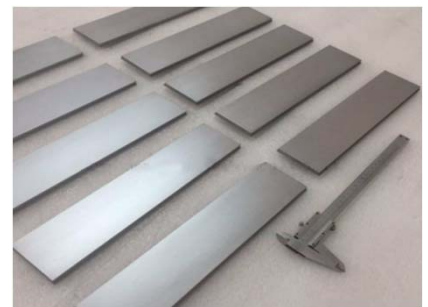

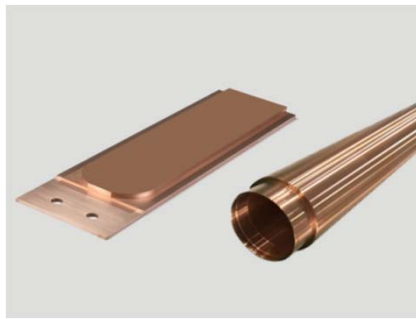

# 主要产品
